Château Lac Maison de maitre Monument

ENVIRONNEMENT

Campagne, Parc ou jardin, Plan d'eau ou marais

PRÉSENTATION GÉNÉRALE

Family home of charm, château Lespinassat is a listed historic monument close to Bergerac, yet secluded, and was built in c1650 altered in c1750 with addition of viewing terrace, pavillions to west and east side and creation of a lake and parkland. A 19th C wooden beamed kitchen area was added to join the west wing to château. A large wedding marquee can also be provided, if required, with electricity, running water and luxury toilet facilities. The marquee is of course set aside from, and not visible to, the château.

ÉTAT DU LIEU

État général moyen, Restauré ou Rénové

HISTORIQUE DU LIEU

As far as we are aware, has never been used as a location neither for film nor photo shoot . By car, Lespinassat is 5mins from old Bergerac, 5 mins from the airport, 10mins from the railway station and 90 mins from Bordeaux city/airport. The chateau is available as a twelve bed guest house with a further 10 bed gite behind the chateau in the old farmhouses, and a 47 room 118 bed 3' hotel and a 50 cover restaurant situated 300m at the bottom of our driveway. The restaurant, hotel, gîtes and château are situated on the

Domaine de Lespinassat, therefore the entire area can be cordoned off for security with relative ease.
