LOCATION HISTORY

The Cité internationale universitaire de Paris was created in the pacifist context of the 1920s to support exchanges among students of the whole world. The story starts in 1920 when an important French industrialist, Emile DEUTSCH DE LA MEURTHE, wishing to create an enduring gift to society, contacted Paul APPELL, vice-chancellor of the University of Paris. Worried by the difficulties of students' housing, Appell suggested to him founding a university residence. André HONNORAT, Minister for Public Education, approved of the project and devoted all his energy for nearly the next thirty years to its realization.
