LOCATION HISTORY

At the medieval castle dominated by the dungeon, the Dukes of Guise will allow the creation in the sixteenth century of one of the largest fortified strongholds in northern Europe, which will then attract the attention of Vauban. Bombed during the First World War, the castle almost disappeared under a landfill. In 1952, Maurice Duton founded the Vieux Manoir Club, a youth movement that offers youth and heritage activities that have since revived the site.
