LOCATION TYPE

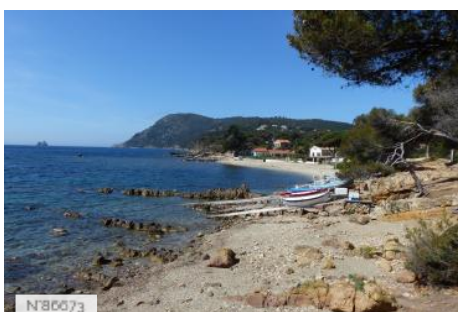

CATEGORIES	Beach (pebbles)	Beach (sand)
ENVIRONMENT	Seaside	

GENERAL PRESENTATION

Oursinières beach is located to the east of Le Pradet, on the edge of Carqueiranne, next to the small Provençal port of Les Oursinières, and offers a magnificent view of the Saint-Mandrier-sur-Mer peninsula. The beach, a mix of thine sand and pebbles, is divided into 2 parts: a first beach near the port and a second beach accessible via the coastal path, a little more sheltered and wild, surrounded by pine trees and Mediterranean vegetation.

LOCATION CONDITION TYPE	Well maintained
SPECIFIC STYLES	Open, Open - Outdoor
MATERIALS	Natural location : Rock, Natural location : Sand
